**11-2.I** [Currently descending from GA46 to AMEND]

A Candidate from another Reformed denomination who has been under care for at least one year in that denomination, has met EPC educational requirements for ordination, and is pursuing a call from an EPC congregation shall be examined in the manner prescribed in G.12-2. Any Candidates from outside the Reformed Tradition follow the procedures of G.11-2.

**Rationale:** Due to changes in the accreditation of the Masters of Divinity degree over the years, the degree is no longer standard among seminaries. Some seminaries still maintain the traditional 90+ credit hour degree while others have reduced the required credit hours to the minimum 72+ credit hour threshold. This results in a significant variance when it comes to the preparation and training of our Candidates. Furthermore, we have many Candidates who have already achieved a graduate level theological degree and simply need to add a few more classes rather than pursue a different degree. Additionally, we recognize the need for a uniform standard which is why we are proposing a standard “Criteria for Ordination Requirements and Education” that all Candidates must meet. The new criteria will include 72 hours of transcribed, graduate level coursework, including original languages. It will also include a new assessment process for Candidates modeled after our current church planter and world outreach worker assessments. Finally, it will include some kind of demonstration of pastoral competencies and skills in a local ministry context.
