REMINDER: If you are using the auto draft in SCP (Simplified Contribution Portal) for your employee retirement contributions, please remember to login to the portal at the beginning of January 2024 and reset that auto draft to come out for the 2024 calendar year. **This does not automatically occur.**

In need of diagnostic medical testing?

Did you know you can go to free-standing, non-hospital facilities for services such as MRIs, CT scans, blood work and more for a fraction of what it costs in a hospital?

Your doctor will often refer you to a hospital outpatient facility they are affiliated with but can also recommend independent diagnostic testing facilities that conduct the same tests, potentially saving you \$100's in copays. Ask your doctor about options and compare your costs after insurance. Your EPC Benefit gives you a comparison tool through Healthcare Bluebook to compare prices and find the best care. Simply login to your [Meritain](#) account and select "[Healthcare Bluebook](#)" under Member Resources.

Bonus, **Go Green to Get Green Rewards!** You can earn anywhere from a \$50 - \$1,500 reward every time you search for select procedures in Healthcare Bluebook and use a Fair Price™ facility for your care. No forms or extra steps required.
