

# Connecting People to Christ

**Christ Presbyterian Church** in Daphne, Alabama chartered in 2003. For these past two + decades we have watched the Lord lead us in amazing ways, too many to number! He has provided for us at every turn, and it is our heartfelt joy and desire to continue to glorify His name as we invite others into relationship with the living Christ!

The last five years with our former Pastor have been an amazing journey. As he and his family begin a new chapter, the door opens for a new chapter here at CPC as well. *Where will our faith journey take us now?*

The Pastor Search Committee is excited to share a little bit about CPC with you as you look over the following pages of our Church Profile. We hope this will give you a snapshot of our church family and our desire to see others connected to Jesus Christ.

As we serve Him together,
