

Tabernacle Evangelical Presbyterian Church

Vision Statement

Tabernacle EPC, ignited by God's love, exists for the community to encounter the hope of the Gospel. We do so by gathering for worship, growing as disciples, and working as one to meet the spiritual, emotional, and practical needs of our neighbors in the name of Jesus Christ, to the glory of God.

Tabernacle Church strives to bring God's vision for us alive through our ministries, focusing on bringing new life into families in and around our community.

Our Strengths

Our congregation loves Jesus and desires to share His kingdom with others.

Our church family is friendly and intentional about ministering to the needs of others through prayer and fellowship.

We are missional- locally, regionally, and internationally.

Our physical building space is designed to facilitate ministry and service.

God sends us to breathe new life into families by forging intentional relationships with our neighbors as we know, show and share Jesus Christ.

The pastor is called to lead the congregation in collaboration with the session, deacons, staff, and ministry leaders, as described in the vision statement. The primary responsibility of the pastor is to provide spiritual leadership, serving as a shepherd, nurturing faith, encouraging spiritual growth, and fostering community within the church. He is accountable to the session, congregation, and EPC Presbytery.
