

GRACE CHAPEL MADISON

Evangelical Presbyterian Church

Associate Pastor of Youth and Family Ministries

Grace Chapel Madison has felt God's leading at this time to search for a full-time *Associate Pastor of Youth and Family Ministries*. While our congregation might be on the small side numerically to warrant an associate pastor at this time, this is a decision with the future of the church fully in focus. The Lord has blessed us spiritually and financially, and we are seeking to invest those gifts to effectively minister to the next generation. While we do currently have a youth program, it has primarily been one of fellowship and volunteer driven. We feel led to create a program that ministers effectively to our students in Jr. High and High School, into their college years, and in their early years after college. This demographic is when so many step away from the church, and we are seeking to combat those statistics by developing a program where each and every student at Grace Chapel knows exactly who they are in Christ Jesus.

Going out on faith, we seek to find a minister who can:

- Develop and implement a program for our youth-aged (6th-12th grade) students, while incorporating volunteers from the congregation into the program.
- Minister effectively to youth, young adults, and young families within the church and within the overall community of Madison County.
- Work alongside the Senior Pastor in caring for the congregation and leading in the areas of teaching and preaching.
- With input from our Children's Director, help develop a curriculum/program that would see all children of Grace Chapel from birth through high school graduation and beyond.

Any applicant for this position is expected to:

- Possess a love for Jesus as Lord and Savior and an active spiritual life.
- Rejoice in seeing others come to know Christ and grow in their faith.
- Subscribe to the "Essentials of our Faith" of the EPC without hesitation.
- Have an understanding and appreciation of the reformed faith and tradition.
- Be ordained or ordainable within the EPC.
- Have good Christian character and conduct.
- Share the gospel effectively with others.
- Work alongside others in creating a vision for ministry.
- Delegate responsibilities to others and coordinate their work.
- Manage time, prioritize activities, and develop long-range plans.
