

Pastor of Discipleship/DiscipleMaking/Spiritual Formation

- Do you wake up passionate every day about forming mission-oriented disciples of Jesus, and deploying people into God's mission for their lives?
- Do you lead others from a north star of a disciple-making vision that is theological, Biblical and actionable by people in their everyday lives?
- Do you long to paint that vision of disciple-making in the way of Jesus on the canvas of a large and growing congregation made up of equal parts new Christians (almost every one of our membership classes witnesses at least one adult conversion), not-yet-activated Christians, and many long-time followers of Jesus?
- Do you finish your to-do lists and excel in a self-directed manner?
- Do you take God seriously and yourself not-so-seriously?

An emphatic "Yes" to all five? Keep reading and consider joining our team. Lake Forest Church – Huntersville is seeking a Pastor of DiscipleMaking. This person will love and develop a stream of leaders from a growing group of imperfect people and help them "*discover and live out their role in God's story*" (our Mission Statement). We seek a leader to refresh our strategy, hone our communication, and relationally execute our systems for disciple-making, through team-based ministry. We aspire to a clear and engaging focus on Jesus, both worship and evangelism in Sunday worship, spiritual growth in groups of all kinds for every age, and intentional deployment outward in mission.

Our spiritual framework of "Discover->Belong->Share->Go" is broad enough for the successful candidate to lead us to make more and better disciples, while putting their unique fingerprint onto our discipleship processes.

Job Summary: Lead Discipleship Strategy; Raise up and train discipling leaders; Oversee group life; Preach and provide pastoral care.

Before we get to the real job description, here's a little more about us:

LFC-Huntersville is the founding congregation of The Lake Forest Family of Churches, a 27-year-old growing church planting network of five (and counting) congregations in which up to 6,000 people worship weekly. We are in the Evangelical Presbyterian denomination as our spiritual authority. The laser beam vision of LFC is reaching "*people who've given up on church but not on God*" (our tagline). You can read about the Core Passions of our church [HERE](#), and watch a video about our church planting network as a family [HERE](#). We expect every staff member to be a full DNA match, meaning that she/he resonates deeply with our mission and passions.
