Youth Group

Games

We use games in our youth group to unite students in the joy of recreation and physical activity, helping them to loosen up and feel connected to other students and leaders.

Large Group

Our large group meetings are a time for our youth to learn about God's truth and to participate in a larger body of worship than just their age/peer group. Students lead worship in music and staff/youth leaders teach and answer questions.

Small Group

We use small group breakouts after our large group gatherings to further discuss the lesson in smaller age and gender specific groups.
